

# Anthropology Graduates in Healthcare

## DANIEL SCHMITT, MD '11

"My experience as an ND Anthropology major has been invaluable... Working at a hospital that treats underserved communities, my anthropology experience has allowed me to realize the diverse worldviews of those I am caring for, enabling me to give the patient and their families the best care possible."

- Orthopaedic Surgery Resident Physician at Loyola University Medical Center
- ND Biology & Anthropology Major

## BIANCA FERNANDEZ '11

"I credit my anthropology background in being able to honestly connect with people from diverse backgrounds and to support patients by looking at systemic challenges and personal obstacles that stood in the way of getting them closer to their medical and personal goals.."

- Community Health Professional
- Program Manager at The Next Door, Inc.

## CRISTINA CRESPO '09

"My medical anthropology studies at ND have truly helped me succeed in my careers in healthcare consulting, in product design and innovation. I have been able to apply my anthropological research knowledge to understand human experiences and design products and solutions that solve the needs of patients, caregivers, and physicians.."

- Senior Product Manager, Product & Innovation, Health TranZform
- Pre-Professional & Anthropology Major

# MEDICAL ANTHROPOLOGY HEALTH & CULTURE

UNIVERSITY OF  
NOTRE DAME

College of Arts and Letters

Department of Anthropology  
296 Corbett Family Hall  
574-631-0299 [anthro@nd.edu](mailto:anthro@nd.edu)
